Traffic Accidents Injure 14 Persons

Rain Early in Week
Causes Most of the 25
Crashes; 4 in Snow

Rain Monday and Tuesday was blamed for most of the 25 traffic accidents this week which injured 14 persons, it was noted by police officers, who said traffic slowed with the arrival of the four-inch snow yesterday evening.

The snow caused four traffic crashes without a single injury, police of the Quad-Cities said.

Two drivers were injured in a collision at 2350 p.m. Monday at 22nd street and DeKalb avenue where parked cars partially blocked the view of Mrs. Lydia E. Collier, 51, of 175 Spruce street, who had observed a stop sign on 22nd street. She said she did not see the other car coming.

Her station wagon was struck in the left side by a car driven by Mrs. Ora L. Copeland, 48, of 2805 Edwards street. Both cars were taken to St. Elizabeth Hospital, and Mrs. Collier was moved to St. Louis for X-rays. She complained of body pains and suffered general bruises and abrasions. Mrs. Copeland suffered bruises to both knees and a pain to her right shoulder. They were released after treatment.

Driver Injured
Paul Weston, 37, of 37 Jan. 4th lane, complained of pains after his car was struck by one driven by Patricia Reiss, 2068 East 27th street, at 4:30 p.m. Wednesday at 22nd street and DeKalb avenue. The car was subject to a stop sign on 22nd, while the other was heading along DeKalb. No charges were filed.

Two persons were injured Monday afternoon in a collision of two autos at 12th street and Cambridge avenue. Mrs. Marie Postavko, 1400 Washington avenue, underwent X-rays of her right shoulder and elbow. She was a passenger in an auto driven by Frances Cepeda, 1613 27th street, who also was injured.

Police said Mrs. Biler was driving north and the other auto was being operated east by Duane Kabe, 618 West Third street, who was making a right turn. Kabe, an Army Depot employee, said his view was obscured by a double. No charges were filed.

Boy 5, Injured
Frederick E. Bosworth, five, a youngster in a car driven by Florence E. Bosworth, 1685 1st street, Madison, suffered minor injuries when her car skidded on wet pavement as she was applying her brakes and struck the right rear of an auto driven by Leo J. Papin, 2520 Benton street, at 2:15 p.m. Monday at 21st street and Madison avenue. No charges were filed.

Three Persons Injured
Three persons were hurt Monday when a car driven by Timothy Burns, 4100 of Caseyville, was traveling south on Highway 111 and made a left turn at Route 33, in front of a car driven by Donald Paschall, 26, of 4149 Division street.

Paschall and a passenger of his car, Elizabeth Bailey, 22, of St. Louis were admitted to St. Elizabeth Hospital. He required eight sutures to close cuts. She suffered deep lacerations on the face, forehead, head and both arms.

3 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

BIRTHS

Births recorded at St. Elizabeth Hospital:
GIRLS
Mr. and Mrs. William Skinner, 2670 Edwards street, March 4, five pounds, nine ounces.
BOYS
Mr. and Mrs. Maxwell Forbes, 1704 Primrose avenue, March 2, Allen Scott, eight pounds, five ounces.

HERE'S THAT STUFF AGAIN
Wednesday, last week's spring-like weather didn't stay long. Quad-Cities discovered early yesterday evening when temperatures dipped and snow fell. A scenic view was presented by the white and end shrouding at Wilson Park and captured by a Press-Record photographer.

4-Inch Snow Blankets Area; Third Storm in Two Weeks

Snow and ice blanketed the Quad-City area today for the third time in two weeks, slowing transportation and demanding

the full facilities of street and highway departments to keep traffic moving. Starting at 8 p.m. Wednesday, 3 1/2 inches fell with a few hours and the weather bureau early today was forecasting another inch.

In Granite City, four street department trucks and a grader began the working of churning and salting dangerous intersections at 8:30 p.m. The street department began removing snow from the downtown area early in the morning, employing a complement of 14 men.

At Venice, Street Dept. J. D. Maurer said snow trucks and a grader began working about 8:30 p.m. Wednesday and continued throughout the night, salting and churning dangerous intersections and the Broadway viaduct and McKinley bridge, serious traffic hazards at such a time. Seven men worked all night to keep streets open, Maurer said.

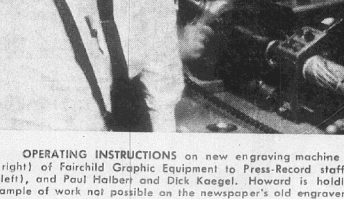

Three chow trucks, a Hi-Roll and a saltshaker machine were employed in Madison, beginning at 9:30 p.m. with a crew of 11 men working throughout the night and into today. Street department workers said they encountered no serious difficulties with Wednesday night's snow. The dryness of the snow prevented freezing on power wires and tree limbs.

Four accidents were reported as the snow blanketed streets and became packed into a coating of ice.

At 9:45 p.m. a car driven by Samuel D. Siefert, 3725 Fox Oaks drive, was unable to stop at 3001 Fishing road and collided with the rear of a car driven by Peggy Dillard, 4021 Marysville road.

Triple Damage by Bullet
A 22 caliber bullet from an unknown source went through a garage window, damaged the top of an auto inside the garage and went out the open front garage door to damage the roof at 2215 Missouri avenue. It was reported to police Wednesday.

Growth Plan in Nameoki Twp. Being Considered

SWIMAPC Says Township
Is Center for Quad-City
Future Development

The Nameoki town board set up a committee Monday night to study the feasibility of an overall master growth plan for Nameoki township, a project that would cost approximately \$30,000.

Purpose of such a plan and results that could be expected in relation to the future growth and expansion of the township were outlined by Theodore Mikesell, executive secretary of the Southwestern Illinois Metropolitan Planning Commission during the Nameoki town board's regular meeting.

Mikesell told the board that Nameoki township is the center of an area in which future expansion from a business, industrial and population standpoint can be expected "on a tremendous basis." He said such expansion is not a long-projected theory, but can be expected on an annual basis because the area is the major remaining territory toward which future growth of the area must turn.

Benefits of Planning
He said that to be prepared to handle such growth the township must plan its land use, its business and industrial potentialities and be ready to direct expansion in a well-planned method rather than permit hodge-podge of construction. An overall master plan also would permit the township to develop its recreational facilities, utilities, transportation system and similar services in a way that will be the most economical and best serve the business and residential potential.

Mikesell said the future potential of Nameoki township is greatly enhanced by the construction of new highways in the area, particularly the Interstate Road 270. He referred to Horseshoe Lake as "the greatest recreational potential I know," and said both the lake area and Chokoma Mounds State Park could be developed into both a recreational and commercial project that would attract many thousands of persons into the area.

He said the plan would include a land use study, a study of economics and the population and a utilities study involving both present and future services that might be needed. He said that within 20 years it is certain the town would have to plan on expanding the sewer system and now has planned for installation.

Such planning is necessary, Mikesell pointed out, because in all instances federal funds for public projects seldom are available unless recognized planning has been undertaken.

T. S. Tax Funds Available
On a question from Supervisor Henry Bragdon, Mikesell said a plan such as he was suggesting for Nameoki township would cost about \$30,000, and added that the figure was a "rough guess." He also added that of this amount, \$20,000, or \$200,000, could be obtained in government bonds.

Police Nab Man Looting Tavern Of \$174 Today

Placed on first reading Monday night was an amendment to the Nameoki area sanitary sewer fee ordinance that would lower the monthly rate for schools. The amendment also would fill a void by setting a monthly fee for apartment buildings.

Charged with burglary and theft was Gary Holman, 22, of 1542 Seventh street, Madison. He signed a statement and was being questioned further today. There have been several recent burglaries at the same tavern.

Police said they caught him holding a cigar box containing \$174 and rolled change, and found a large amount of currency in his pocket. Total lost in his possession was \$174, which was taken from a safe in the tavern. He was forced open during a burglary at the Snack Shack restaurant, 114 1/2 N. Broadway, 2167 Washington avenue, reported at 10 a.m. today. Entry was gained after 2 a.m. by forcing the rear door with a pry bar having a half-inch hole.

Home Burglary
The home of C. L. Newton, 4101 Mayville road, was ransacked throughout during a burglary between 10 a.m. and 11 p.m. Sunday. It was reported at 4 p.m. Monday. About \$8 in currency and three books were stolen. A burglar was seen leaving the house with a pry bar having a half-inch hole.

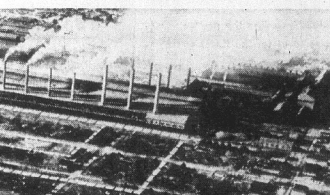

2 Bowling Balls Stolen
A vent window was broken in the auto Leo Woz, 2111 Delmar avenue, and two bowling balls and bags were stolen Tuesday night. Woz was parked at 21st street and Grand avenue. One ball was red and the other was blue.

A green, insulated sweater jacket valued at \$20 was taken from a car parked at the YMCA Wednesday morning. It was reported by Joseph Nemeth, 1861 Spring avenue.

Western Fire Brick to Rent GC Supply Corp.
The Western Fire Brick Co. will vacate its plant at 16th street and Madison avenue by April 1 and has rented warehouse and office space in the main building of the former Granite City Supply Corp. at 20th street and the railroad tracks, it was learned today. The interim move will allow further time in which to decide on future local operations of the industrial firebrick firm.

It originally was planned to leave the existing facilities in Granite City, but the rapid expansion of the Granite City Steel Co. expansion program prompted the change to April 1.

8 Undergo Surgery At Local Hospital
The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Monday:
Glenda Herndon, 2614 Missouri avenue; Evelyn Thompson, 3250 Westchester drive; Edith Meyer, 4801 Wornock avenue; Elizabeth Bailey, St. Louis; George McCardle, 2645 Delmar avenue; James Welch, 2601 East 20th street; Arnelles Gysman, 58 Riviera drive; Elizabeth Skinner, 2008 Fourth street, Madison.

SEVERAL MILLION DOLLARS of the \$140,000,000 earmarked by Granite City Steel Co. for its three-year expansion and modernization program will be spent in this area where a basic oxygen furnace plant is to be started within 60 days and completed by 1967. The rectangular area outlined in white is the location of the BOF plant, and the larger area includes space for raw materials handling and other facilities. The firm's steelmaking open hearth furnaces above the white dotted line are to be replaced. The view is looking west.

14,500 Local Girl Scouts To Observe 53rd Anniversary
More than 14,500 Girl Scouts, Cadettes and Brownies in the River Bluffs Girl Scout Council are joining in a day of observance throughout the United States in observing National Girl Scout Week, March 7-13, with special celebrations, exhibits, flag ceremonies and church attendance.

Quarters will be provided for the girls in the Lincoln area neighborhoods which comprise District Four, will initiate the day of observance by 9 a.m. Sunday, when all Girl Scouts will attend religious services in uniform on 34th street and Broadway. Tuesday has been designated as "Citizenship Day," with flag ceremonies to be conducted at each school by troops sponsored by individual PTA's and school affiliated groups.

Daily throughout the week, Senior Girl Scouts will distribute Girl Scout souvenirs and literature to the community. The observance on Nineteenth street starting at 4 p.m. each day and continuing until closing time. The observance will continue all-day Saturday. An exhibition of Girl Scout work and projects will be viewed by the public inside the store.

Troops in charge of the project, include: Troop 110, sponsored by St. Elizabeth's Memorial Methodist Church and led by Mrs. William Bollinger; Troop 250 of St. John United Church of Christ, led by Mrs. Elmer Stille; Troop 280, sponsored by the Nameoki PTA and directed by Mrs. Bessie B. Bessie.

GC Steel Contracts For Oxygen Furnaces

Construction to Start
Within 60 Days in Area
'Behind-the-Mill'

Construction will begin in the next 60 days on a large basic oxygen furnace plant which will replace the open hearth furnaces at Granite City Steel Company and also provide a steelmaking capacity for future growth in metal areas, it was announced today.

Nicholas P. Veeder, chairman of the board and president, said the completion of the basic oxygen furnace (BOF) plant, scheduled for late 1966, "will enable Granite City Steel to take one of the first steps in making all of its steel by this fast-growing process."

Veeder said the BOF process is expected to result in "significant savings in steel production costs and to allow very tight control over ductility and other quality aspects of the carbon steel we produce for our flat rolled steel products."

Multi-Million Dollar Job
The Koppers Company, Inc., of Pittsburgh has been awarded a multi-million-dollar "turnkey" contract to design, engineer and build Granite City Steel's BOF plant. It will contain two 220-ton basic oxygen furnaces and the powerful overhead cranes, transfer cars, conveyor belts and other facilities required to charge massive tonnages of raw materials into the furnaces and to handle their production of molten steel.

The basic oxygen furnaces will be large, pear-shaped vessels, 35 feet 4 inches high and with an inside diameter of 24 feet and an opening at the top 12 feet in diameter. The furnaces will be heated by heat-resistant refractory lining.

Powerful motors will rotate the enormously heavy furnace to bring the open top into position for the charge which will consist of molten pig iron, about 10% of the total, plus scrap steel and lesser amounts of fluxing and alloying materials. The furnace will be then returned to an upright position and the molten, water-cooled slag lowered into the top of the vessel while oxygen of 90% purity is forced into the furnace at supersonic speed to burn off the unwanted carbon contained in the bath of molten iron and scrap.

220-Ton Heats Hourly
The operating furnaces in Granite City's BOF plant will be able to produce a 220-ton "heat" of steel every hour of the day. The plant's production capacity will be 220,000 tons annually. The production capacity of the BOF furnaces will be substantially as Granite City Steel improves the capacity of its two steel furnaces and is able to produce the BOF furnaces with additional pig iron to support production of more than 24 heats per day.

The company is moving in that direction through its joint development, with the Hanna Mine Co., of a large iron ore mine and pellet plant near Pilot Knob, Mo. The supply of high-grade iron ore pellets from Pilot Knob will enable Granite City Steel to produce more blast furnace pig iron for a higher level of steel production in its BOF shop.

14-Story High
The building housing the two oxygen steelmaking furnaces, materials handling equipment and other facilities will be 14 stories high.

Free Chest X-rays Start Tomorrow
The Madison County Tuberculosis Association will begin its free chest x-ray survey for the public on tomorrow when its mobile unit will be stationed at the Belmore Village shopping center from noon to 4 p.m. The unit will be from 5 to 9 p.m.

It will be at the same shopping center from 9 a.m. to noon and 1 to 5 p.m. on Saturday. The unit will be at the Venice City hall from 9:30 to 11:30 a.m. Tuesday for public x-rays and will provide x-rays for employees at the Madison plant of Laclede Steel Co. from 6:30 to 8:30 a.m. and from 1 to 4:30 p.m. Tuesday.

The unit will be stationed at other locations in the Madison County area on other dates in March and April.

Collinsville Semifinal Victor, Madison Meets Edwardsville Tonight

Kahoks in 78-50 Waltz; Title Tilt Friday Night

Collinsville's Kahoks whipped the Alton Redbirds 78-50 last night to advance to the championship game of the Granite City regional basketball tournament.

The second semifinal is scheduled for 8 tonight with Madison's Trojans (12-12) meeting the Edwardsville Tigers (16-9). The victor will play Collinsville at 8 p.m. tomorrow for the right to advance to the Wood River sectional tournament.

Alton became the fifth team to be eliminated in the Illinois High School Association tournament. Ousted earlier were Roxana, Venice, Wood River and Granite City (see related stories on this page). The triumph gives the favored Kahoks a 2-2 record with their last 15 victories in succession.

Observers thought the Kahoks played, for them, rather poorly in their opening round victory over Roxana. Last night, however, there was general agreement that they played like a typical, well-polished Collinsville team bent on reaching the "Sweet Sixteen."

Last night's crowd numbered about 1600, smallest of the three nights. There were an estimated 1800 Tuesday night, and between 2000 and 2200 Monday night. None of the games so far has been a sellout, and speculation is that some tickets for the championship game will be available at the door.

That Old Feeling
Veteran spectators of Southwestern Illinois basketball couldn't help but get that old feeling last night, that feeling that they'd seen these Collinsville Kahoks before, maybe in 1963 or 1961 or 1957.

It was a team from the Verell Fletcher mold—calm, serious, methodical, making very few mistakes, never conceding the possibility of defeat. The Kahoks move faster but have that no-nonsense, perfectionist cost of those fabulously successful teams.

STILL TRYING, although only five seconds are left and Edwardsville is ahead 80-73, Granite City's Larry Ripka (25) looks for an opening while teammate Bill O'Neill (35) breaks toward him. Others are Virg Kambarion (left) of Granite City, and Dan Suss (34) and Mickey Moore (42) of Edwardsville.

Red Devils Off on Free Throwing, Wind Up Season With 20-5 Record

The free throw line, including its two-inch width, is 15 feet from the face of the backboard. Theoretically, the distance is exactly the same in all gymnasiums.

For the Venice Red Devils, however, the distance to the free throw line is 15 feet, 10 inches, or 15 feet, 11 inches. They just couldn't find the range and the failure played a big part in the Redbirds' first round loss to the Alton Redbirds.

The Devils, up from their first district championship since 1941, may have been a bit tense before the larger-than-expected crowd. They made only five of 16 free throws in the first half, fell behind 26-23 at the half and never could catch the Redbirds.

Alton had only five free throws in the first half and, consequently, missed 10 of 16. After switching goals for the second half, the Devils sighted on the west wall for 12 of 17 free flings. And the Redbirds found that elusive east goal just right in their purposes—making 15 of 17 shots. So, as it turned out, Venice made 17 of 33 (52%) and Alton 15 of 22 (68%).

Except for a handful of Alton rosters, the opening night audience put its sentiment behind the district champs and was keenly disappointed at the outcome. The Devils, however, stuck close until the final minutes and finished an excellent 20-5 season on the upbeat.

Short-Lived Lead
An old tournament tenet is apt here: "The victors deserve congratulations; the losers, respect." Although discouraged by their free throw inaccuracy, the gritty Devils kept pushing and took a 23-22 lead, albeit short-lived, late in the second quarter. In the third quarter, they came within a single point three times but could get no closer than three points in the final period.

Tall, strong Larry Jeffries kept Alton out front in the second half with 21 of his 29 points. He chucked in seven of 11 free shots and all seven free throws in the last two quarters. Kevin Schwartz added seven field goals, none in the fourth quarter, and long-shot artist Fred Taylor scored 11 points.

For Venice, Bob Jackson made 21 of 28 field goals, five free throws, Rich Estling 18 (6-4) and Percy Dillon 16 (6-4). Jackson and Dillon fouled out in the last minute and a half. Playmaker Estling, his endurance flagging due to illness, took but one field shot in the last quarter.

For the game, Alton made 27 of 50 field attempts (54%) to Venice's 23 of 52 (44%). Jeffries' 14 rebounds helped the Redbirds but final totals gave the Devils a 31-30 edge. Dillon grabbed 12 rebounds, Jackson nine.

The first game went as expected with the Collinsville Kahoks coasting to a 68-50 win over Roxana's Shells. Before the Kahoks reserves came in, agile Dennis Pace scored 21 points.

High School League Holds Basketball Dance Saturday
The 120 players in the Granite City park district's high school basketball league will elect a queen at a dance to be given by the park district Saturday night at the Community Center on Niedringhaus avenue. A band will furnish music between 8 o'clock and midnight. Candidates for the title are Misses Mary Church, Lynn Shepard, Janice Rae Lattner and Carolyn Randolph. The new queen will receive her crown from Clara Takamjian, retiring queen. During the evening, Park President Barry Loman will present trophies to the league's winning teams.

Trojans Batter Oilers; Warriors Lose Squeaker

Height alone does not guarantee basketball success. A good case in point: Madison's 74-57 trouncing of the tall Wood River team in Tuesday night's first round.

The Oilers fielded a five-man team which included 6-6 Jerry Harrison, 6-5 Mike Brown and 6-4 Wayne Haine. With them were a pair of six-foot guards, Terry Brown and Mike Grimsley. The Trojans, by comparison, were tiny with 6-2 Paul Lusk and 6-1 Mike DeYoung as the tallest. The others, Dale Turner, Bob Fouts and Ron Burt, are well below the six-foot mark.

They had the advantage in inches but, about the Oilers were cut down to size by the pressing, dunking, and rebounding, Trojans. Wood River in its rebounds, 39-31, but nothing else.

At their scrambling best, the Trojans zipped to a 21-12 first quarter lead. In the middle two quarters, with Brown hitting 16 of his 23 points, the Oilers outscored the Trojans by one point, but they withered before a 29-point onslaught in the last period.

Of the Wood River skyscrapers, Haine alone was an effective scorer with 17 points. Meanwhile, Madison sprung a balanced offensive with Turner scoring 18, Fouts 17, Burt 15, Lusk 13 and DeYoung nine. It was only the second time in a 12-12 season that the Trojans had four players in double figures.

The Trojans banged in 33 of their 63 field goal attempts for 52%, including a torrid 12 for 19 in the last quarter. The Oilers managed only 25 of 67 shots (37%).

Individually, Burt had the best eye—making seven of his eight shots. It was the first time he has been in twin figures this season.

For the entire third quarter and in the first three minutes, 10 seconds of the fourth period, no Madison player was charged with a foul. Free throw shooting was off, but hardly a vital factor, with the Trojans making eight of 21 to the Oilers' seven of 14.

In the second game, the Granite City Warriors were eliminated 81-79 in a fast-paced squeaker by the Edwardsville Tigers. The Warriors led going into the fourth period and trailed by only four points (77-73) with less than thirty seconds remaining. Time and four points by the Tigers in the last 15 seconds killed GCHS hopes.

Final Record: 8-18
The loss ended the Warriors' season at eight wins, 18 losses. They played well in their finale, but were handicapped by the absence of 6-4 sophomore Terry Moore, who was sidelined with serious chest congestion.

Bowing out in grand style were seniors Joe Grobowski and Vince Debeve with 24 and 21 points respectively. Grobowski made 11 of 14 field shots and Debeve hit seven fielders and seven free shots. Both fouled out near the end—Grobowski with 3:30 left, Debeve in the final seconds.

It was Grobowski's 12 points in the second quarter that kept the Warriors within three points (38-35) at halftime. It was Debeve's swift attack and successful lay-out drive that gave the Warriors a 47-42 advantage midway through the third quarter. Later, a long jumper by another senior, Jerry Lybarger, boosted the lead to 49-42, a margin that dwindled to 53-51 by the quarter's end.

In this game, free throws were of utmost importance. Both teams made 30 field goals. But the Trojans prevailed from the line, making 21 of 32 to the Warriors' 13 of 20. Danny Suss, who had 34 points, alone made 16 of 17 free shots. The Trojans wrapped up the win on Randy Phelps' jumper, good for a 77-71 lead with 30 seconds to go.

THE MADISON COUNTY SPORTSMAN

By DON HASTINGS
County Conservation Officer

Recently I ran the first game census of the year. It started 80 minutes before sunrise (5:28 a.m.). Temperature, wind velocity, amount of moonlight and frost or snow are some of the things that have to be noted. The census is not to be taken on a windy, extremely cold morning nor is there to be any precipitation. A rather warm, calm morning is best. The day was relatively warm, starting at about 30 degrees and getting up into the 50s and there was no wind, so I thought it would be a good morning.

The starting point was near the Bond county line and driving speed is limited to 25 miles per hour. In this it is only rabbits were to be counted.

Flat Country
The first 10 miles of the route is in completely flat farm country with crops running right up to the road in most cases and little or no roadside cover. The second half of the 20-mile route is in hilly country with considerable cover, brush and several creeks and streams.

I was disappointed to only see nine rabbits the whole route—four in the first half and five in the second half. Actually I have no idea if this is good or bad but somehow I expected to see many more.

However, my job is only to count and I will leave the biologists to interpret these figures in

comparison with previous years.

Moon's Influence

I wondered how much the full moon influenced the number of animals out. For my own curiosity I am going to run the census again another morning under about the same conditions but in the dark of the moon. Naturally a foggy or misty morning would produce many more sightings, but according to the instructions this would not be a true picture and would tip the count toward the abundant side.

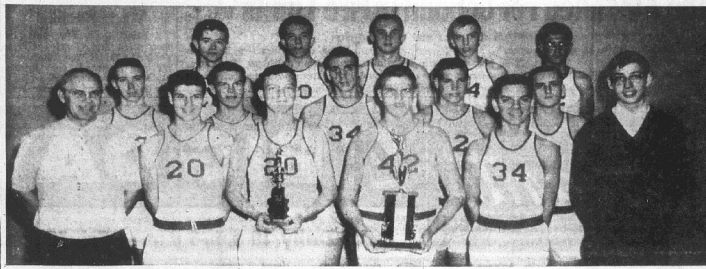

The only other animals seen were two turtle doves near the end of the route, close to Route 40 between Highland and St. Joseph.

As a timely sequel to the column concerning trapping someone called me from Mitchell and reported a dog on the highway here with a trap hanging on its leg. One can imagine what a dog goes through getting free from this with no help.

Cage Finals Booked

Three games are scheduled in the YMCA boys' basketball finals Saturday at the "Y" gymnasium. The schedule: 9 a.m., Madison Blue Angels vs. Granite City Warriors; 10 a.m., Madison Trojans vs. Granite City No Names; 11 a.m., Madison Carpenters vs. Granite City Junior Ya Guys.

FOR GOOD NEWS,
CALL TR 7-8711

TWO SECOND-PLACE TROPHIES were won in tournaments (Madison County JHS Conference and Collinsville Webster Invitational meets) by the Coolidge basketball team this season. From left front row—Coach John Tonciff, Mike Dachwal, Gary Simpson, John Van Buskirk, Larry Bloomquist and manager Bob Austin; middle row—

Mike White, Norman Hall, Gary Ridenour, Ronald McTasney, back row—Jeff Jones, Russell Borish, Ronnie Shepard, Jim McCarty, Norman Popmarkoff. Not pictured—Tom Comandy, Victor Piechocinski, Herman Schermer, Walter Schmidt, Bill Varborough.

GC Trackmen Enter Indoor In St. Louis

Another test of their 1965 potential awaits the Granite City high school trackmen tomorrow. The Warriors are entered in the St. Louis Army open indoor meet with preliminaries at 4:30 p.m. and finals at about 7:30 p.m.

In the indoor relays at the Army, two weeks ago, GCIS scored six points to finish 10th among 15 teams. All the points came via a third-place finish in the pole vault as three athletes vaulted a combined distance of 32 feet.

Duane Bridges was tops with 11½ feet, sophomore Bert Morrison vaulted 10½ feet and John Skutumpah hit 10 feet. East St. Louis, the relays winner with 83 points, and Lincoln tied for first at 32 feet, six inches, to break the former record of 32 feet.

Morrison announced the following entry list: 80-yard dash—Leonard Revelle and John Hagen; sophomore mile relay—Joe Pashea, Randy Lambert, Dave Lomax and Rick Jones; mile-run—Mike Forcade and Jim Stephens; 800-yard relay—Revelle, Rick Turner, Hagen and Ethan Allen; high and low hurdles—Larry Anderson, Bill Davis; sophomore 880-yard relay—Keith Gauen, Dave King, Bob Hardesty and Davis.

800-yard run—Mike Barnhart and Steve Stamps; mile relay—Jim Pomeroy, John Pomeroy, Randy Corey and Revelle; pole vault—Bridges, Murray; shot put—Jerry Line and Gary Johnson or Willis Farless; high jump—Lee Cooper and Larry Crews.

Morrison's squad apparently will be without the services of ace sprinter Mike Mounce, who has been hit by glandular fever. And speedster Ray Stelson, injured seriously in a recent auto accident, is definitely out.

Ambitious Slate For GC Baseball

A 38-game varsity schedule, most ambitious ever, will be undertaken this spring by the Granite City high school baseball team.

Coach Joe Fedora said the unusually high number of games will enable his well-stocked pitching staff to get plenty of work. The schedule includes three double-headers for which the squad will be split and twinnings played at two sites.

The schedule opens March 24 at O'Fallon. The complete slate will be announced later.

Three Unopposed In Madison City Election Apr. 20

One city official and two aldermen will be without opposition in Madison's April 20 city election as there were no "under the wire" filings of petitions at the 4:30 p.m. Monday deadline.

They are Percy Lux, 1657 Third street, city clerk; Robert Don Reeves, 1435 Third street, First Ward alderman; and Benjamin Besworth, 1383 Second street, Second Ward alderman.

All other incumbents will be opposed unless there are some withdrawals by the deadline at 4:30 p.m. Saturday.

The other candidates are—for mayor, Stephen Macras, incumbent, 810 Iowa street; and Robert L. Burns, 1327 Third street; for treasurer, Demos Nicholas, incumbent, 1535 Fourth street; and L. R. "Pat" Patterson, 1224 Allen avenue; for Third Ward alderman, Raymond Kozielek, incumbent, 1703 Sixth street; and Sam Chomko, 925 Reynolds avenue; for Fourth Ward alderman, Christ Christoff, incumbent, 1225 Madison avenue; and Edward J. Annis, 1012 Grand avenue; and for Fifth Ward alderman, Bonker T. Walton, incumbent, 909 Washington street; and Brice Ford, 807 Bissell street.

All of the incumbents are forming an administration slate and the other candidates have formed an opposition slate.

Three Autos Damaged

Three autos were damaged Monday in the 500 block of Main street in Venice when one of two autos involved in a collision was knocked into a parked car. Police said a car driven by Richard L. Moss, 18, of East St. Louis, was headed south on Main street when a car driven by Norman Adams, 24, of 500 Main street, Venice, pulled away from the curb. The two cars collided and Adams' auto went across the street into a 1962 model auto bearing a Missouri license.

GC Electrical Code Amended For Conduit In Fire Limits

Safety was the prime concern of the City Board of Electrical Commissioners in calling for an amendment to the electrical code to require rigid conduits for electrical wiring below floor joists in the downtown fire limits. The amendment was approved Monday night by Granite City council members.

Edw. Branding, city electrical inspector, said the amendment would pertain to new and replacement installations in businesses and commercial establishments and also homes. He added that in new construction the procedure is being followed generally.

The rigid conduits would be required for furnace wiring and

also wiring for washers and dryers in basements, as well as other outlets.

"It has been found," Branding said, "that sometimes children pull on the wires and rip them loose."

The law also would pertain to all businesses and commercial establishments throughout the city.

The downtown fire limits extend from 16th to 23rd street and from Adams street to Washington avenue.

\$100,000 Damage Suit

Filed Against Railroad

A \$100,000 damage suit has been filed for Charles Griggs, Venice, against the Norfolk & Western Railroad for injuries sustained Nov. 11, 1964, while he was employed as a repair track

laborer at the Madison yards.

The complaint alleges a defect in a lift mechanism or a tractor or crane caused cables and clamps to strike him about the head and body, resulting in injuries. Negligence was charged.

Tachometer Stolen

A tachometer was stolen from a 1961 auto owned by James Howard, 2406 Kirkpatrick Homes, while it was parked Monday night at the housing project, he reported at 7:15 a.m. Tuesday.

Mishap at Stop Sign

After a truck operated by Mike Colombo, of St. Louis, started across the intersection of Hampton and Third streets, Venice, and then backed up, it struck a car driven by Gerald DeLozier, of 4537 Walter avenue, which had halted behind the truck at a stop sign. The accident occurred Monday. Damage was reported to the front end of the DeLozier vehicle.

GC-Size Lock Proposed by Government at Alton

Sen. Dirksen advised the Press-Record Tuesday of an April 3 deadline for comments on a \$36 million federal project to construct a new 110 x 1200-foot lock replacing the existing 110 x 360-foot at Dam No. 26, Alton. The longest of the two Grant City locks is 1200 feet.

"Written communications by interested parties should be mailed to the Board of Engineers for Rivers and Harbors, Washington, D.C., in time to reach the board by April 5," the Illinois senator and Senate minority leader reported.

"Benefits creditable to the new structure are estimated at \$9,900,000 annually, reflecting the volume of additional traffic which could be handled and the savings in towage operating costs resulting from reduced lockage time."

A hearing was held in St. Louis on reconstruction or rehabilitation of the Alton lock Aug. 28, 1957, and favorable recommendations have been made by the St. Louis District Engineer and by the Lower Mississippi Valley Engineer at Vicksburg, Miss.

City Rezones Tract for GC Steel New Oxygen Furnaces

Nearly four acres of Granite City was zoned for heavy industry Monday night when council members voted to amend the zoning ordinance at the request of Granite City Steel Co. for its new basic oxygen furnaces to be located in the "behind-the-mill" area.

The area extending from Omaha street east to Sherman avenue and south of East 20th street had been R-3 residential, but most of the homes and other buildings have been razed. The city several weeks ago vacated streets and alleys in exchange for a snake-type fire truck which the steel firm will buy for the fire department.

Work on the basic oxygen furnaces is to be started in 60 days, and the zoning amendment was approved on final passage with dissenting votes by Whittmer and Dallas. Dallas and Whittmer objected, saying the firm is isolating social homes and business places along the south side of East 20th street and along the side streets immediately south of 20th street. Dallas added that the contractor razing the houses had damaged an alley and portions of streets that still belong to the city.

Treatment Plant Change Order OK'd

Change orders for filter equipment to be installed in Granite City sewage treatment plant under construction at the Army Depot were approved Monday night by council members.

The added cost of \$5374 is slightly under the \$6000 estimate by industrial engineers who originally recommended changes to a better grade of stainless steel for filter drums and the drum filtrate piping and fiberglass linings for the filter tanks and agitators.

In addition, the city agreed to a change recommended by the project engineer for bronze filterings for a sluice gate to cost an added \$369.

Council approval also was given for a \$6053 payment to Illinois Power Co. to install a gas line and other connections to the treatment plant.

Lincoln Inauguration Centennial Today

Senators Paul Douglas and Everett M. Dirksen and Congressman Melvin Price are serving on a joint committee headed by Price to commemorate today the 100th anniversary of the inauguration of Abraham Lincoln as President of the United States.

The special program which will feature a reenactment of the inaugural will be held at noon on the east front of the Capitol at Washington.

Grand Opening of Area Automobile Club Office

Grand opening ceremonies for the new office of the Automobile Club, Illinois Division, are scheduled for Wednesday, March 10, from 9 a.m. to 5 p.m. The office, located at 1417 Washington, Alton, will service members in the Madison, Bond, Greene, Jersey and Calhoun counties area.

There will be gifts for everyone, including mitt kits (plastic gloves to use when washing a car or changing a flat tire), AAA world maps, litter bags and needle kits.

The modernistic one-story office has 8560 square feet of floor space. There is a 40-car parking lot, with separate entrances for motorists and pedestrians. The building is constructed of masonry and steel, featuring a posed brown, aggregate concrete and dark cordovan brick. The windows are bronze-tinted plate glass, and the building is completely air-conditioned.

Our more than 17,000 area members will be provided with the latest in services in such areas as domestic and foreign travel, claims and sales. C. Wayne Finley, Illinois division manager, said this week.

The travel center will be conveniently located to both entrances of the building. The office staff will be headed by Ray Carter.

OFFICERS INSTALLED BY WOMEN'S GROUP

Mrs. Virginia Schreiber was in-
stalled as president of the Mad-
ison Ladies Democratic club
Monday evening. Dinner was
served at the Sportsman's club
prior to the installation.

Mrs. Josephine Knezevich,
president, opened the meeting
with the Lord's prayer. Reports
were given.

The group agreed to donate
\$100 for the city election. A
thank you note was received
from the Madison Band Parents
for a \$100 donation to the Mad-
ison band uniform fund. A social
was planned for May 5, with
Mrs. Knezevich as chairman and
Mrs. Mary Bridick as co-chair-
man.

Mrs. Violet Bader, the install-
ing officer, and Mrs. Hazel Swi-
ger, installing marshal, installed
Mrs. Schreiber as president; Mrs.
Marie Steward, vice-president;
Mrs. Juanita Brown, secretary;
Mrs. Knezevich, treasurer; Mrs.

Stop Sign on Delmar Ave. At 22nd St. Proposed

Ignoring an appeal by the
Quincy Traffic Council for
a planned approach to stop sign
installations, the Granite City
Police Department Monday night
approved Monday afternoon cau-
two new locations and agreed to
prepare an ordinance for a third.
The stop signs approved are to
control traffic on Oakland ave-
nue at Braden avenue and on
Nevada avenue at Rock road.
The other location proposed by
Alderman Bergfield would stop
traffic on Delmar avenue at 22nd
street. He said the intersection,
which has stop controls on 22nd
street, is the scene of frequent
accidents, including one which
killed a child last year. The city
has granted permission for tem-
porary stop signs on Delmar ave-
nue on Sundays for the con-
venience of persons attending the
Presbyterian Church.

Auto-Bus Accident At 19th and Madison

An auto and a Bi-State Trans-
it has collided Tuesday afternoon
at the detour barricades at 19th
street and Madison avenue. No
injuries were reported.
Police said the auto driven by
Lorley Price of the 374th En-
gineer Co. at the Army Depot was
going east and was stopped for
a boulevard sign when the bus
operated by M. A. Williams, St.
Louis, made a left turn around
the barricade and in trying to
avoid a truck hit the left rear
of Price's car.

Power Line Arcs, Causes Blaze at Construction Job

A high tension power line that
arched and fell set fire to tar-
paulins and wooden forms for
concrete foundation at Granite
City Steel Co. construction at the
site of the old ice house, 16th
street and Madison avenue, about
1:15 p.m. yesterday.
Firemen who answered the
alarm were unable to estimate
the amount of the damage.

Radar Speeding Arrest

A charge of speeding was
placed against Harry McMillan,
238 Paul street, who was ar-
rested Wednesday afternoon at
28th street and Madison avenue
by a patrolman with the radar
unit.

Lillian Hoelscher, 3516 Ponton-
road, Mrs. Elsie Vance, president
presided over a short business
meeting.

A corned beef and cabbage
supper, to be held March 13 by
the Rebekah lodge members at
the Old Fellows hall in Madison
was discussed.

Rev. Paul R. Surbey, pastor of St. John United Church of Christ, became ill and was admitted Monday to the Belleville Memorial Hospital, where he is undergoing tests. The length of his hospital stay has not been decided.

He would amend three sections of the Port District act of 1959 to clarify and broaden leasing, subleasing and other rights and powers of the district.

Witnesses Convention Planned Here April 2-4

Public announcement that the semi-annual convention of Illinois Circuit No. 6 of Jehovah's Witnesses will be held in Granite City April 2-4 was made today by Francis H. Clanton, minister of the local congregation at 2822 Palmer avenue.

The gathering will open at 6:45 p.m. Friday, April 2, with a double session for the evening comprising a ministry school for the delegates attending and a class in effective field ministry. There will be several sessions throughout Saturday and Sunday to stimulate Bible educational activity in the 17 congregations of Jehovah's Witnesses making up the circuit.

Main feature of the convention program will be a public Bible lecture Sunday, April 4, at 3 p.m., entitled "The Moral Breakdown—What Can Be Done About It?" The speaker, Andrew Laguna of the Watchtower Bible and Tract Society of New York, is district supervisor over 200 congregations of the Witnesses in the Midwest. He has charge of a circuit convention every two weeks as direct representative of the Watchtower Society to further preaching work and Bible study.

Sessions of the assembly will be held in Granite City high school, and an invitation is being extended to the public to attend free of charge.

Checkerboard Squares To Dance In Highland

The Checkerboard Squares will participate in a fund-raising show at 8 p.m. Saturday at Highland to benefit the Highland high school band which plans to visit the New York World's Fair.

The dancers will preview one of their exhibition numbers to be performed at the 14th annual square dance convention to be held in June in Dallas, Texas. The group also is participating in a nation-wide effort to obtain the issuance of a U. S. postage stamp commemorating modern square dancing as a heritage of pioneer forefathers.

Trash Removal Bids Sought For Housing Projects

The Madison County Housing Authority, Market and Washington avenues, Madison, is seeking bids for removal of trash and rubbish from five housing projects in Madison and Venice. D. F. Bane, executive director, said the bids will be received at his office until 10 a.m. March 19 for the following projects: Garcesche Homes, Viola Jones Homes, Greiner Homes, Lee Wright Homes and Venice Homes.

2 GC Policemen With Metro Squad

Two Granite City police officers are attending this week's daily sessions of the Major Case Squad, or Metro Squad, that is to serve the Illinois-Missouri metropolitan area.

They are Detective Michael Devine and Patrolman Frank Harris, who is one of the city's police dog handlers. The new squad will be on call for major cases occurring on both sides of the river, and taking part in the training course are 110 policemen from 37 departments in the two states.

Also attending is Capt. Louis Bowman, chief investigator in the office of Madison county sheriff.

No Injuries in School Bus-Auto Collision

No injuries were reported Wednesday morning when a Bi-State Transit school bus with 24 passengers involved in a collision at 14th and Martin streets.

Police said the bus driver, Diana Stevenson, who gave a Granite City post office box address, was going west and making a left turn, while an auto driven by Marie Kravce, 2304 East 21st street was making a right turn off Martin.

Power Off to 175 Homes For 25 Minutes Tuesday

About 175 homes and businesses in Granite City were without electrical service for 25 minutes Tuesday morning between 9:30 and 9:55 when one circuit at the Kate street station was grounded.

The area involved was the 2500 and 2600 blocks from Washington avenue to Edison avenue, it was learned from Illinois Power Co.

GCHS Teacher Receives DeMolay Honor Award

Richard O. McCormick, a member of the faculty at Granite City high school, was presented with the DeMolay Legion of Honor award, the highest honor conferred upon a senior DeMolay by the International Supreme Council, in recent ceremonies attended by more than 100 and held in the Collinsville Masonic Temple.

The award is made in recognition of a promising career of outstanding adult leadership in a field of worthwhile endeavor that serves God, country, or humanity. Three members of the Granite City high school band, who provided trumpet fanfares for the ceremony, were Elvin Hookstra, Sodonna Brister and Alan Nield.

McCormick has been associated with the Order of DeMolay for 12 years, both as a member and advisor. He presently serves as assistant advisor and ritual director for the Collinsville chapter. He also is a member of Collinsville Lodge 712, AF&M, and serves as an officer in Unity chapter 182, Royal Arch Masons. For the past three years, McCormick has been teaching English and American literature, rhetoric, composition and basic speech at the local high school. He serves as secretary of the GCHS English department and for the past several years has been a member of the faculty-leadership basketball team.

A Royal Wrestling Season - - - Capped by the State Crown

They Wanted to Wrestle ... They Wanted to Win

Quiet determination to win and an aggressive competitive spirit on the mats merged to give Granite City high school a long-sought prize, the Illinois wrestling championship.

"They wanted to wrestle and they wanted to win," said the way coach Bill "Red" Schmitt puts it. The Warriors' desire led them last week at Champaign to the state championship, a title they share with Reavis high of Oak Lawn. Both teams scored 31 points to create the first first-place deadlock in state tournament history.

It was a remarkable season, a season that may have been built around a defeat. Remember Dec. 29? That was the day that Mohave, Mo., defeated the Granite City holiday spirit by beating the Warriors 25-21. The loss ended a string of 133 consecutive victories over the Quad-City area and Missouri teams.

Fans long accustomed to GCIS victories, thought a crack might be appearing in the wrestling stronghold. I can assure Granite doesn't have it in wrestling this year, said one. Schmitt saw it differently. "Sometimes these things do you more good than harm. When you keep winning, some of the kids don't push quite as hard—they figure they'll win anyway."

It was right. His boys pushed hard—they finished second only once more, to defending state champion Waukegan in a triangular. They had a 16-1 dual meet record, won three quadrangular, their own tournament and the championship of the district, sectional and state meets. Always in the back of their minds was a lingering, distasteful word: Mohave.

Winningest Team — The team went on to make more individual victories (334) than any other GCIS squad. The old marks were 289 wins and 118 falls, both set by the 1962 team. The 1964-65 wrestlers also won more championships than any previous squad (eight). The district title was the school's eighth straight, the sectional title was the 12th straight, and the Southwest Conference title was the eighth straight.

The state championship capped a long list of successes for coach Schmitt, who marked his 50th dual match this season. In his 15 years here, Schmitt has directed his teams to a 214-141 dual record, 22 tournament championships and eight conference titles (every one since the Southwest Conference competition was revived). He has seen his varsity boys win 703 individual bouts and 106 team titles, including 1046. There have been 124 draws.

Schmitt's competence is admired state-wide and nationwide by those close to high school and college wrestling. He is a respected member of the Illinois High School Association wrestling committee and a self-appointed historian of Illinois wrestling.

Honored at Assembly — The 125-man tournament team was honored Tuesday afternoon at a high school assembly. Principal Lawrence McCauley compared the matmen's accomplishment with the state championships won by the basketball team in 1940 and the baseball team in 1948.

Schmitt received a letter from Rick Bay, secretary of Michigan wrestling and one of the best in collegiate ranks. Bay, who won the Waukegan coach, recalled past Granite City-Waukegan battles and noted: "No high school wrestling community anywhere is more deserving of the honor than Granite City." "Rick Bay," incidentally, is a well-known phrase to Granite City wrestlers. The three-time state prep champion was so successful in a particular take-down move a fireman, and the "knock-out" that it has been widely known as the "Rick Bay." The Warriors received official congratulations from Albert Willis, executive secretary of the IHSA, who praised the team's conduct both in and out of their gymnasium.

Local Delegation

Granite City had a large, and enterprising, group of fans at the state finals. They managed to save an entire block of seats in the balcony, even though no seats were reserved. They led the crowd of 3000 in cheering for the Warriors in the championship round.

"I think anyone, except the people from Reavis, was pulling for us," said Schmitt. This was evident in the crucial 133-pound bout as Reavis' Chet Morris was trying to pull his team into the 33-31 tie by beating DeKalb's Jim Dayton. Reavis, apparently, is not very popular up north and the crowd loudly supported Dayton in his determined, though losing, effort.

Many fans were disappointed for missing at Champaign, due to the Michigan-Illinois basketball game which brought in many spectators from out-of-town. Some had to stay as far away as Danville, 32 miles from the University of Illinois campus.

Schmitt was happy with the support, especially from his sophomore and junior varsity wrestlers. "When they follow you up there, they're vitally interested and that kind of desire is what you need in these kids."

Records Listed — Steve Cavanaugh and Bill Fuchs, both runners-up at state (GCIS had no champions), each scored 140 team points this season to top the squad. Cavanaugh had a 22-2-1 record; Fuchs was 20-3-2. Bledsoe, who won third at state, was 31-1, with 114 points. Complete records are listed below.

Fuchs, the 95-pounder, led the team with 18 pins. Cavanaugh and John Evenden had 16 each and Rich Grizzard had 15. Fuchs had the fastest pin of the year, 17 seconds. Bledsoe, Cavanaugh and Evenden won six individual championships.

With Gary Forshee and Fuchs winning five each, Evenden, by the way, was slowed by an ankle injury in the state tourney. Principal McCauley has won the state champs to be his junior's all tomorrow night's regional basketball championship game here. The team members will be introduced prior to the game.

One final note: The high school coach, coach Schmitt, on his tour this spring, has been booked into you might know — Reavis high school. At a few notes for the wrestlers, gang.

One-Sided Party Being Planned

A business meeting of Beta Phi Chapter of Epsilon Sigma Alpha was held last night in the home of Charlene Whitcomb and a board meeting was planned for March 14 at Fere Marquette Lodge.

A report was given on Heart Sunday in which the group participated by distributing heart canisters to legal business places. Also discussed was the March 17 social meeting, a "one sided party" in the home of Mrs. Betty Williams. A silent auction will be held at the next business meeting at the Colonades Nursing Home.

Present last night were Mesdames Sandy Cuvar, Joyce Albers, Betty Colligan, Gervy Mendez, Charlene Whitcomb, Judy Dyer, Shirley Long, Linda Giger, Kathy Dohal, Mary Ann Pare, Dolores Milton, Linette Cagio, Ann Holson, Millie Clements, Donna Theis and Miss Betty Dick. Hostesses were Mrs. Long and Mrs. Mendez.

Guest speaker was Kenneth Grubb, director of Services Area 11 of the Illinois Heart Association.

B&PW Week to be Observed Here

National Business and Professional Women's Week with its "Springtime Salute To Working Women" will be held March 7-13. It was announced today by Miss Dorothy Davis, president of the local club.

Throughout the country the spotlight is on business and professional women, their achievements and contribution to local, national and world events. Women are playing an ever increasing role in the economic and cultural growth. The National Federation of Business and Professional Women Clubs is helping the women to accept the responsibility of full partnerships in their careers and communities. Miss Davis said.

Activities and accomplishments of the Granite City B&PW Club will be announced next week in the Press-Record.

Box Social Held by Alumnae Chapter

The monthly meeting of Eta Alumnae Chapter of Phi Tau Omega sorority last night featured an old fashion "box social."

St. Patrick's colors were carried out and the box lunches were served wrapped in green foil and topped with white carnations which served as favors.

The party was held in the home of Mrs. Elsie Rodell, 9 Del Rio, with Mrs. Dolores Rapp as co-hostess.

Prizes in games went to Mrs. Ann Little, Mrs. Bernice Greese, Mrs. June Drow, Mrs. Thelma Grisham, Mrs. Irene Cook, and Mrs. Dorothy Johnson. Others attending were Miss Celestine Lucas, Miss Irene Hays, and Mesdames Helen Horischer, Irene Louis, Mildred Jungels, Melba Tarjoff, and a guest, Mrs. Janet Norris of Collinsville.

Mardi Gras Party Held at Church

Concordia Lutheran Church Ladies Aid Society held a Mardi Gras party Tuesday at the church.

There were more than 80 present, including guests from Carpenter, Pleasant Ridge, Collinsville, Troy and other nearby cities, as well as Hope and St. John Lutheran Churches here.

All were in costume. A cash luncheon was served and entertainment consisted of games, square dancing and contests with prizes awarded. There were also poetry, gift and antique shops.

Mrs. Dwight Jackson served as general chairman.

Sorority to Aid Easter Seal Drive

Xi Epsilon Chi chapter of Beta Sigma Phi met last night in the home of Mrs. Phil Tsigouraff, 3432 Lydia lane, with Miss Ruth Stoyanoff in charge of a short business discussion.

Miss Betty Hagley, executive director of the Madison County Easter Seal Society, was guest speaker and the group made plans to aid in the coming Easter Seal drive by addressing and mailing envelopes.

A dessert course was served to Mrs. Louis Rapp, Mrs. Paul Ashford, Mrs. Jack Tolliver, Mrs. Harvey Edling, Mrs. Ralph Halldeman, Mrs. Marlene Harper and Mrs. Jack Calve.

The prize for the evening went to Miss Stoyanoff.

MRS. HERBERT BUENTE IS CLUB HOSTESS
The Get-Together Club was entertained Wednesday by Mrs. Herbert Buente, 2224 Lee avenue.

The hostess served a noon luncheon to the club members and three guests, Mrs. Wayne Clark, Mrs. Dwight Jackson and Mrs. Richard Buente, and prizes in games went to Mrs. Walter Dohi, Mrs. Clark and Mrs. Conrad Moeller.

Expect Field of 5 In GC Park Race

Deadline for filing petitions of candidates in the Granite City Park district election will be Saturday, with two additional filing petitions before the meeting. Frank Rea, board secretary, said the deadline will be 5 p.m. Saturday.

Three candidates have thus far entered the race for the five-year park board membership open to election this year. First to file were Barry Loman and Milton Allen, incumbent members. William Kozyak, 3141 Fehling road, operator of a grocery store, filed next. Louis J. Spahr, 22 Miami court, both of whom are expected to file petitions before the deadline.

The park district election will be held April 3, simultaneously with the municipal election. In Granite City, municipal elections are held in places established by the park board.

Venice park secretary Leroy Kutz said only incumbents William Ohlendorf Jr. and Clifford Garner have filed.

Jaycees Plan Mayor
Candidate Forum

A public forum for Granite City mayor candidates to discuss the issues and answer questions immediately prior to the April 6 city election, was planned last night at the Tri-Mor Bowl by the Granite City Jaycees.

Mayor Worthen, community development chairman, said alderman candidates are being invited to participate in the local Jaycee chapter in the district SPOKE award contest on April 3 at Cahokia.

Robert Collins was appointed as chairman of a "Teenage Driving Rodeo" slated for May. Alvin Barnes III announced the sum of \$260 had been realized from last weekend's "pancake brunch" held at the YMCA.

Housing Board Backs Master Plan Updating

The Granite City Housing Authority decided Tuesday the board will support the updating of the city master plan. Specific amount has not been determined.

Annual payments in lieu of property taxes were discussed, and plans were made to hire Executive Director David W. Morgan, Architects Henry Gabriel and Salvador Duenkel, landscape designers and mechanical engineers to attend a "working agreement conference" with regional federal housing officials March 24 in Chicago. The meeting will deal with plans and specifications for a second 100 Anchorage apartments for the elderly.

knives. Burns also was given treatment.

Stille Bourbon, 63, of 2203 Kirkpatrick Avenue, a passenger in a car driven by Norman G. Randall, 2715 Buxton avenue, complained of pains after a collision with an auto driven by Albert H. Baker Jr., 2313 Edwards street, at 6:30 p.m. Monday at 23rd street and Washington avenue. Baker said he was hit by the lights. The left front of each car was damaged.

Mrs. Mary Joyce, 2945 Madison avenue, suffered neck injuries Tuesday afternoon when she was sitting in an auto parked on 23rd street near Madison avenue and the car was struck by a hit-run motorist.

Mrs. Joyce, who underwent x-rays at St. Elizabeth Hospital, gave police a license number. It was issued to a resident of Wilmette, Ill. She said the hit-run car struck her car and it was traveling east when it struck the left front of the Joyce auto.

Albert J. Darnal, 57, of 1639 Fifth street, Madison, was injured Tuesday night when his auto struck the rear of an auto that was stalled on Nameoki road near Moro avenue. He was given treatment at the hospital for injuries to his right foot and face.

Police said he was driving the stalled auto when it was being operated by John Spengler, 16, of 2014 Grand avenue. Jesse Barry, 24, of 2333 Miracle avenue, appeared for treatment at St. Elizabeth Hospital at 6:30 a.m. Tuesday for injuries in an auto accident, complaining of a headache and nose pain. Local county or state police had no record of the accident and Barry said it occurred out-of-town.

4-Inch Snow

was struck while it was parked in front of his home by a car driven by Norman Hoesy, Jacksonville, Ill.

A car driven by Nancy M. Norman, 5151 Lake drive, and a Quad City taxi cab driven by Doris E. Blacklock, 1222 Garesche Homes, Madison, collided at 2626 Delaware avenue at 8:28 a.m. Tuesday. The Norman car was headed south on Delmar and the cab was headed north and collided when the two cars were unable to get around autos parked on both sides of the street.

Air Pollution Meeting Planned

Alderman Samuel Whitmer, chairman of the Granite City council's special Air Pollution committee, is scheduling a public hearing for next Tuesday night at the city hall to outline an 18-page ordinance for prevention, control and abatement of air pollution in the city.

Whitmer is trying to arrange for the presence of Robert French, of the state Air Pollution Board to be present, along with members of the committee and City Atty. George Fillebert Jr. who drafted the ordinance.

\$5616 Campaign Total

Boyd Prosky, chairman of the March of Dimes campaign for Granite City, announced today that a final tabulation of all donations showed collection of \$5616. The campaign was conducted during January and the first two weeks of February. Largest portion of the amount, \$2649, was obtained in the mothers' March held late in January.

Storm Glass Broken

Frank Vitale, 2113 Glen drive, reported at 9:30 a.m. today that during the night vandals threw a rock at the picture window of his home and broke the storm glass.

Labor Council in Warning Against Ad Solicitation

The Tri-Cities Trades and Labor Council last night warned Quad-City merchants that extensive solicitation for advertising has been under way recently by persons purporting to represent labor papers, but that the labor body has no endorsement of any kind to any publication.

Edwin Reiske, executive secretary of the council, said 67 attending delegates who discussed the matter at length in Wednesday night's regular meeting went on record condemning the practice of soliciting advertising in labor's name. Reiske pointed out that the council does not endorse any labor or trade paper. The only instance in which an advertising solicitation is given a labor endorsement is the annual advertising program sold in behalf of the Labor Temple. This event is held in June and all proceeds go to the upkeep of the Labor Temple, Reiske said.

"We have two pages of listings of names of persons who have been solicited for advertising in recent weeks by persons who said they represented labor papers and had the endorsement of the labor council," Reiske said. "We want the merchants to know that this is a fraudulent representation. We have endorsed no paper and no advertising programs."

Seek Endorsement
Candidates for mayor and for city and township offices in the Granite City elections appeared before the council to seek endorsements. Those attending included majority candidates Donald Partney, H. Von Dee Cruse, Mrs. Gabrielle Beltrine, Samuel Whitmer, and Casper Nighossian; Andrew Gasparovic Jr., candidate for township assessor; Robert W. Stevens and Homer "Cal" Pendleton, for city clerk; Dale Higgins, treasurer; and Mike Mojsak, candidate for assistant supervisor. G. H. Sternberg, the only candidate for mayor unable to attend, is scheduled to appear at a later meeting, Reiske said.

Richard Neuman and Daniel Jander, candidates for school board, also appeared at the meeting.

The council made no endorsements, with the exception of Mojsak who, as a delegate to the council, automatically receives endorsement.

Other candidates seeking the council's endorsement were notified to submit their platforms or candidates statements to the council's legislative committee headed by Ernest Corbin of the Electrical Workers Union. The legislative committee is scheduled to make a report and recommendations in the March 17 meeting.

LEARN CHINESE SONG
World Friends Sunbeams met at Second Baptist Church Tuesday afternoon to begin a five-week study of home missions.

Mrs. Betty Lewis, leader, told a story, "A Kite for Billy Ching." Each child made Chinese lanterns. The room was decorated with lanterns, pictures, a dragon, wind-chimes and several Chinese posters.

The children learned a song in Chinese and Mrs. Lewis explained some of the customs of the people. Special prayer was given for Southern Baptist Missionary Peter Chen and his family who work in San Francisco. A new game was played by the children and the meeting was closed with prayer by Mrs. Lewis.

Present were Dennis Reynolds, Connie Lindsey, Julie Whitson, Jackie Wolden, Gwenn Olive, Gail Lewis, Patricia Davis and Diane Olive.

Oma Lee six-year-old Sunbeams and Maxine Stewart seven-year-old Sunbeams met at Second Baptist Church Tuesday afternoon with Mrs. Beverly Crown and Miss Bonnie Fennell. The group arranged a fruit basket to be given to the leader of the Oma Lee group, Mrs. Jean Wyatt, who is in the hospital. A story, "A Kite for Billy Ching," was told and Chinese Kites were made by the children. There were 20 present.

March Board Meeting
The March meeting of the board of directors of the Tri-City chapter, American Red Cross, has been set for 4 p.m. Tuesday, March 9, at the First & Savings Bank, Chairman Gerald G. Walters has announced.

Select Name For Daughter
Shirley Lee is the name given by Mr. and Mrs. Norman Wheeler, 3133 Aubrey avenue, to their daughter born Feb. 25 at St. Elizabeth Hospital. The infant weighed seven pounds, eight ounces.

Strange Lizard Found At Church in Mitchell

A strange lizard was found Tuesday by Mrs. John DiGiacomo under the Mitchell Presbyterian Church, and she is attempting to determine its common or biological name. It has a dark brown soft-skinned body with light brown spots, has a small, stubby head, is about nine inches long and one to two inches in diameter.

It appears to be of a type native to the Southwest. Mrs. DiGiacomo, wife of the pastor of the church, said her son wanted to keep it as a pet.

World War I Groups Plan Hospital Parties

Veterans of World War One Barracks 34 and Auxiliary held a monthly meeting Tuesday evening at the VFW hall. Elmer Swanson, commander, was in charge of the Barracks meeting and Mrs. Joan Stanton, senior vice-president, presided at the auxiliary meeting.

A new member, Mrs. Clara Knipping was welcomed. Tentative plans were made to hold a party for veterans at the Alton State Hospital in April. It was announced that the auxiliary has been invited to attend a hospital party at Jefferson Barracks March 17.

The April 6 meeting will be a pot luck dinner at 5:30 p.m. Following the dinner Postmaster Harry R. Johnson of Madison will show slides of his tour of East and West Berlin and the Holy Land.

The two groups combined for a luncheon served to 53 persons.

World Day of Prayer Services Friday Evening

Rev. Frank Pierce, pastor of the host church, the Namok Methodist, will be the speaker Friday evening at the World Day of Prayer service to be held at 7:30 p.m.

The service is sponsored annually by the Quasi-City Council of Church Women. The World Day of Prayer is observed throughout the world on the first Friday of Lent by the United Church Women of the Protestant churches. The theme this year is "What Does the Lord Require?"

On the program also will be a hymn interpretation by the Youth Choir of St. John United Church of Christ, and music by the combined choirs of the participating churches. The hymn interpretation will be directed by Mrs. Louis Branding and Mrs. Abner Branding were hostesses.

1965 Feed Grain Deadline March 26

The sign-up for the 1965 feed grain program is progressing rapidly with a March 26 deadline for farmers, it was announced today by Lee Rogers, district manager of the Madison County Agricultural Stabilization and Conservation Service office, 110 North Main street, Edwardsville. The office hours are 8 a.m. to 4:45 p.m. Monday through Friday.

Rogers said the program is basically the same as last year, but that within certain limits, a feed grain farmer may inter-change wheat and feed grain acreages, providing the farm was signed up last fall in the 1965 wheat program.

Levee Board Ok's 5 Tax Warrants

Totaling \$500,000

The East Side Levee Board authorized issuance of five tax anticipation warrants of \$100,000 each during a short meeting Wednesday morning in the district office in East St. Louis.

Lawrence Tolar, board president, said the district is short on funds to meet claims and payrolls and that the warrants will be issued only as the money is needed to save on interest.

The board authorized partial payment, no specific amount, of fees due Horner & Shifrin, consulting engineers, for work on designs of the Cahokia and Landow sewage treatment plants when funds become available in the general fund. The fund will be reimbursed when treatment plant bonds are sold, Tolar said.

Illinois Power Co. was granted an easement to place transmission lines over Levee district property along the Granite City Army Depot fence.

The board heard a report of Corps of Engineers plans to construct one additional storm water pumping station in the Cahokia-Monsanto area, which would serve the Monsanto sewage treatment plant at high water stages of the Mississippi river.

After the formal meeting, Tolar called an executive session to discuss legislative action and work on the Landow sewage treatment plant. Attending in addition to regular Levee district personnel were Madison Mayor Stephen Maestas, David Johnson, St. Louis engineer, and a Hoerner & Shifrin engineer.

During the extra session, Mayor Maestas said he suggested that the district check its insurance coverage to an institutional plan available at a cheaper rate and based on replacement value. Trustee George Duff was not at the meeting.

'Man' is Sermon Topic

"What is man, that thou art proud of him?" This question asked by the Psalmist is explored in the Bible lesson which was featured at all Christian Science services Sunday, including First Church of Christ, Scientist, 2560 Delmar avenue. The subject is "Man."

Those present were Misses Karen Fisher, Pam Caviness, Pam Kitcher, Donna Cockrell, Gail Yeuber, Sharon Sartin, Carol Larkin, Patty Carlisle, Rosemary Floyd and the counselor, Mrs. Cora Yeager.

ST. ELIZABETH CHURCH
PLANS MISSION WEEK

A meeting of pre-mission week teams of St. Elizabeth Church was held Tuesday evening. Rev. Ronald Mennerick conducted the meeting, opened by Rev. Mattingly with prayer.

The meeting was to instruct the teams on visits with parish families during mission week. Rev. Mattingly presented a special briefing on the purpose of the mission. Mennerick spoke on personal contacts and explained kits to be used in the visits.

This will be Visitation Sunday, with 125 teams visiting the families. They will meet March 16 with their completed kits.

Rev. Fr. Daniel F. Gebhardt, O.E.M., of St. Paul, Minn., will conduct morning and evening services during mission week.

The group held a talk by Rev. Mattingly on the importance of team work. Afterward, the group went to the church sanctuary for a blessing by Rev. John Franklin.

A communion breakfast at St. Elizabeth's Church will be held Sunday for Girl Scouts of the parish and Altar Society members.

Jeanie Schwarzkopf, daughter of Mr. and Mrs. Francis Schwarzkopf, 3609 Franklin avenue, placed fifth in an advanced twirling contest of the National Baton Twirlers held in Bethalto Sunday.

To Halt Dump Smoke

A study of all means of trash and garbage disposal to eliminate smoke from the city's dump was suggested Monday night to Granite City council members by Alderman Moerlein. No action was taken on the recommendation.

The council heard a report from Alderman Bettine on last week's meeting with mayors of the three cities during which approval was given to proceed with a survey to give figures on this dump. The survey is under joint operation or in individual city operation of an incinerator.

Council members also authorized a bid call to get figures for a private contract for garbage and trash collection and for the purchase or lease of trucks to haul the debris to be incinerated.

The council also voted to instruct Granite City Steel Co. to haul debris from the building razings at 16th street to its own North Plant dump rather than to the city dump. Moerlein pointed out the trucks are damaging 14th street and the debris will fill the city dump which is needed for a number of years for disposal of sludge from the city's new sewage treatment plant.

and other facilities will cover almost 345 acres and will be immediately east of the open hearth furnace shop which will replace. The top section of the BOP shop will extend to a height of about 180 feet equivalent to a 14-story office building. Various levels and stations in the shop will be connected by a two-way radio system.

Granite City Steel's BOP plant will include a high-efficiency system for cooling and cleaning waste gases from the steelmaking operation. The gases will enter a big, water-tight hood over the top of the furnace and will be further cooled and dried in a 112-foot-high, vertical, water-chamber above the hood. The gases will then move through main 15 feet in diameter, three big, double-chamber, electrostatic precipitators. The collecting electrodes for the dust will be eight mild steel flat plates, each three feet by 24 feet.

Manual or Semi-Automatic

Granite City Steel's BOP plant will have its own chemical laboratory with a portable spectrometer to analyze various elements in the molten pig iron and steel. The plant has been designed to operate either manually or by a combination of manual and semi-automatic controls with provision for future alterations and additions to allow closed loop control by a digital computer.

The technology of steelmaking is advancing rapidly and the design and layout of this BOP plant will allow Granite City Steel to adopt new processes as, for example, continuous casting—at some later date when such processes have been further refined.

Two-Auto Collision

Involved in a collision Tuesday afternoon at Niedringhaus avenue and State street were auto driven by Elizabeth Nelson, 2028 Bryan avenue, and Joseph Jordani, 2101 State street.

New GC Steel Doctor Arrives Here for Duty

Dr. Norman L. Claybourn, who has been employed as a full-time plant doctor at Granite City Steel Co., arrived in Granite City this week and currently is becoming acquainted with the company and plant.

He formerly was medical director for the Brush-Brylman Co., Elmore, Ohio. His office temporarily is located in works office No. 2 at the plant.

Dr. Claybourn is residing in an apartment at 22nd and State streets until his family arrives at the end of the current school year. He is married and has three children of 17, 15 and 12 years old.

A native of Pekin, Ill., he received his M. D. degree from Kansas University in 1944 and completed his internship in Akron, O. He later studied occupational medicine at New York University and also has had medical experience at a steel plant.

He replaces Dr. G. Mason Kahn who accepted a public health position in Texas early this year.

Four Hubcaps Stolen

Theft of four hubcaps off his 1956 auto while it was parked at his home was reported to police Tuesday by Gordon Joyce, 2010 Bryan avenue.

tax funds projected over a two-year period.

Briggs-appointed town auditors Herbert Polley, William Schneider and Robert Strickland, as a committee of three to set up a meeting with Mikeas to discuss the plan, and to work out details of procedure for undertaking the planning project in event it is approved by the board.

The town board conducted only routine business. Briggs said the preliminary plan for the National township sewer project is not yet ready for publication. No reference to the sewer program was made in Monday night's meeting.

No Meetings In Water Strike

No meetings are scheduled for this week in the 107-day-old strike by 16 laborers of Local 397 against the East St. Louis & Southern Water Co.

Spokesmen for the company and union said today they have not received any notice from the U. S. Mediation Service. There were no meetings last week. Over 100 persons in the Quad-Cities are in need of water connections to move into new homes or apartments.

344 Births Recorded In County in January

A total of 344 births were recorded in Madison county during January, an increase of two over the same month last year, according to a vital statistics report issued today by Miss Patricia Holtz, county clerk.

The new arrivals were evenly divided at 172 boys and 172 girls, as they were the year before when the total was 171 each. Five sets of twins were born during the month, compared to none the previous January.

Both marriages and deaths declined. There were 146 weddings, a decrease of 14, and 170 deaths, a decrease of 70.

License Revocation Action is Rescinded

Secretary of State Paul Powell today announced the drivers license division of his office has rescinded the revocation of the license of Eugene A. Hans, 4330 Lake drive.

This action was taken following receipt of information from the circuit court of Edwardsville that a report of conviction on a charge of driving while intoxicated was dismissed.

W. J. Erdell New Head of Hubbell Metals Dept.

Walter J. Erdell, formerly associated with Danusius Tube Co. as general sales manager and advertising manager in the Chicago area, has been appointed manager of Hubbell Metals' Industrial products department.

Mr. Erdell will be located at the company's St. Louis office. Hubbell Metals Inc. operates a processing plant at 11 Niedringhaus avenue in Granite City.

Mr. Erdell's department handles stainless pipe and valves, non-corrosive fittings and valves, non-corrosive fasteners and a general line of Shipproof fasteners. He has a B.S. in metallurgical engineering and is a graduate metallurgist from Case Institute of Technology in Cleveland, Ohio.

The new arrival weighed six pounds, 11 ounces and has been named Dawn Renee. She has two brothers, Jack Jr. and Larry.

General Steel Gets \$22,500,000 Contract

An order for \$22,500,000 worth of new subway cars has been ordered by the New York Transit Authority from General Steel Industries, Inc. It was announced yesterday.

The 280 stainless steel cars will be constructed at the St. Louis Car Division of General Steel Industries. Announcement of the contract award was made in New York and confirmed here today.

Award of the contract was announced by Transit Authority Chairman Joseph E. O'Grady, who previously had announced that General Steel was low bidder on the order.

Stolen Money Orders Being Cashed in Area

The Associated Retailers today issued a warning to local business people to be on the lookout for two sets of stolen money orders that are being cashed in the vicinity of the Quad-Cities.

Those numbered 40702001 through 40702004 were stolen from an East St. Louis pharmacy, and another set, numbers 40224402 through 40224406 were stolen from a grocery in Washington Park. Anyone discovering one of the stolen orders is asked to notify police.

CROSSED EYES ARE A DOUBLY CRUEL HANDICAP

Crossed eyes in your child not only cause teasing and abuse from other children, but also cause defective eyesight that retards progress in school.

What's more, they are a needless handicap, because they can be corrected by surgery, normal appearance as well as normal vision can be restored in most cases.

As a parent, you may find it difficult to detect crossed eyes in your infant. This is natural since a baby's eyes normally "float" during the first three months of life. After that, they may appear close together due to the illusion created by the undeveloped bridge of the baby's nose.

Signs Of Problem
By the age of two years, however, your child should have sufficient muscle control to move both eyes work together. Your suspicions should become aroused if you notice him or her looking off to the side or if his head rocks on an object. At this stage, it's a good idea to seek medical advice.

If your child does have crossed eyes, your physician may cite such possibilities as: nearsightedness; underdevelopment of the muscles controlling eye movement; excessive nervous

incoordination; a blow on the head; heredity; or disease.

Any of these factors can cause the eyes to turn either inward, outward or upward.

As a result, the world you see is double. This is a very real handicap because he views objects from two widely different angles, flat because his eyes are not visually fuse two objects into one makes it difficult to perceive an object's depth.

Early Treatment Best
Once the diagnosis of crossed eyes is established, your physician can institute treatment almost immediately — and the sooner the better.

If treated early — preferably before the age of four — the defective eyesight that accompanies crossed eyes can almost always be restored. After that time, however, the eyes may be permanently weakened by the bad eye to a point where it can never regain its full potential.

If your doctor recommends an operation, do not be alarmed — it is no more dangerous to your child than removing his tonsils. One operation may be all that's needed; however, two or even three operations may be necessary when several muscles are involved.

When proper treatment by your physician recommends, crossed eyes can be corrected safely and effectively.

Attorneys The Proper Choice For New Magistrate Positions

Selection of four attorneys as circuit court magistrates lives up to the spirit as well as the letter of the new judicial system laws.

Non-lawyer magistrates could have been retained, but the clear intent of the extensive court revision of the 1960s has been to place individuals with legal training in every just position as quickly as possible.

The state-paid magistrates will give up their private law practices in order to devote full time and attention to the court duties. This proper, substantial caseloads are likely. With the status of such courts upgraded and their scope broadened, they will render numerous decisions on the merits of cases.

The new judges of the Quad-Cities and Madison county in their daily lives.

Third State Athletic Title For Granite City High School
Whoever said that the best wrestlers come from the northern half of the state?

Past Illinois high school tournament records might lead to such a conclusion, but the Warriors of Granite City have proven otherwise.

That Reavis high of Oak Lawn was able to gain the title, the Warriors had completed their bout does not dim the luster of the achievement; there will be a first-place award in the GCHS trophy case, taking a place of honor along with the 1940 state basketball title, the 1948 state basketball championship and many non-athletic attainments.

SNOW CLEARED PROMPTLY
I feel I have to write and thank the street department for the snow clearing (Feb. 29). I was snowed in.

No matter how much I showed, I couldn't get out of my driveway. The snow always drifts in front of my driveway. After I called the street department, they would get to my street as soon as possible.

I feel I was pretty upset. About 12:30 the snow plow came by, and then came the highlight. They really worked on my driveway and the front of my house.

I know they were busy and I probably shouldn't have bothered them, but I did and now I'm glad.

Cities Can Do Best Redistricting

Job But Must Act Or State Will

A bill introduced in the Illinois Senate calls for a 1966 Chicago redistricting action, with 23 one-alderman wards created and ten councilmen to be elected at-large. Another bill indicates that the state also will attempt to call the tune for smaller municipalities.

LOCK MEDICINE CABINET TO PROTECT CHILDREN
To the Editor:

I am writing to let you know that I have had an accident that happened in my home.

My three-year-old managed to get a bottle of baby aspirins off a shelf seven feet off the ground and took it to bed with him. He has a stomach pump.

This incident scared me and has caused me to do some very serious thinking about the safety of my children.

First of all, we were lucky that he didn't die.

Second, we were lucky that he didn't die.

Third, we were lucky that he didn't die.

Fourth, we were lucky that he didn't die.

Fifth, we were lucky that he didn't die.

Vintage Years And The Gold Supply

"Nineteen twenty-one was a good year." Not necessarily from every standpoint, of course, but wine authorities are in general agreement on the point — a very fine one.

But the same cannot be said about 1964, despite previous expectations in Europe that the warm summer might make it the greatest year ever. It is now as clear as the best wine that there is wisdom in the admonition to withhold judgment until the end product of the vineyards can be sipped, savored and compared.

All of which makes 1965 a good year for the "little old winemaker," and his American beverages. Uncle Sam is smiling, too, not because he is a wine fan, but because of the potential effect on the monetary imbalance. If there is greater appreciation for home-grown whites and reds, the gold drain may be eased.

Every man needs a wife; so many things go wrong that he cannot blame them all on the government.

Preserve Ancient Illinois

(Chicago Sun-Times)

Long before Pere Marquette and Louis Joliet paddled their canoes up the Mississippi River, there stood on its eastern shore a large earthen mound, the focal point of the Middle Mississippian culture. That mound, subsequently known as Monk's Mound, is a reminder of a civilization very similar but smaller ones in the Midwest, of an ancient civilization about which little is known today.

Monk's Mound, the central attraction in Cahokia Mounds State Park between Collinsville and East St. Louis, Ill., is the largest prehistoric structure in the United States, rising in four terraces from a 16-acre base to a height of more than 100 feet.

Unfortunately, when Cahokia State Park was established, in 1926, only a relatively small parcel of land was set aside. Since then, some additions have been made. It now covers 2,244 acres.

Illinois now has a chance — probably its last chance — to acquire 619 adjacent acres which contain many evidences from which archeologists can weave the pattern of a civilization which had been lost in the mists of antiquity when the first white man came to Illinois.

The state should do so before the steady encroachments of the times wipe out opportunity for further study of a little-known culture whose chief metropolitan area sat astride the Mississippi in what is now Madison and St. Clair counties, Ill., and St. Louis, Mo.

There were more than 300 mounds in the Cahokia area, Monk's Mound being by far the largest. Many have been destroyed.

Monk's Mound is a reminder of a Trappist monk monastery which stood nearly in early Illinois days, has already yielded artifacts demonstrating that the Middle Mississippian people — now referred to as Cahokians by scholars — achieved the highest level of an Indian group north of Mexico.

The Cahokian culture also had some links with early Mexican cultures.

Not only will acquisition of the additional 619 acres assure opportunity for the archeologists to complete their study of this intriguing area, but it also will provide much-needed park facilities for Illinois' second largest metropolitan area. The state should move rapidly to add the added acreage.

Every famous man's wife has an uneasy feeling that something will happen to open the world's eyes.

We knew what he took? But have you looked at any of our prescription bottles lately? Do you tell you what is in them? Do you know exactly what each bottle contains? Or even what the medicine is in them?

I understand that a drugist cannot put on the label what he has in mind. The doctor follows him. I have heard of stupid laws but this takes the cake.

Each bottle of medicine is labeled with the contents and what the medicine is for. What good is it if I guess many of us take this department and other things for granted.

Freedom's Meaning

Democratic government and freedom have deteriorated dangerously when the people become apathetic about law enforcement, eradication of crime and swift, certain and adequate punishment of criminals. Criminals are persistent corrupters of government, and are enemies of freedom. Free men should eradicate or imprison criminals who cannot be quickly reformed.

Whitmer Favors Supervised City Sanitation Dept.

Alderman Samuel Whitmer, Granite City mayor candidate, this week issued a statement urging that the city "go back into the sanitation business." He favors a smaller staff than he and in the pursuit of educational, culture and recreational activities.

He recalled that "I was one of the four aldermen who voted against giving the sanitation contract to the St. Louis contractor. In all fairness, I must say that on the whole the people are receiving excellent service at the present time—much better than when the city was doing it."

"The thing that burns me, and deeply, is that the money working on the sanitation trucks are not Granite City taxpayers and every year \$147,500 of our tax dollars are sent across the river."

"The city operated six trucks—three for cans and three for garbage—with a crew of 18 men. This separation was necessary because the operator of the city dump had a hog farm on city property."

"The contractor is collecting everything on one trip, can do the job with four trucks, with a crew of 12 men or less."

"The department must be kept under strict supervision. I do not mean slave driver type of supervision. But if any of the men won't or don't do their jobs, they should be replaced at once. This also goes for all city workers. People working for the city must give the taxpayers a fair day's work."

"I believe the city can do the job cheaper than the contractor. Under proper supervision, the city workers can and will do an even better job than the contractor."

Two Youngsters Hurt In Quick Stop Mishaps

Two youngsters, who received minor injuries while riding in automobiles, were treated Monday at St. Elizabeth Hospital and later were released.

Mary Ann Tindall, 12-month-old daughter of Mr. and Mrs. David Tindall, 523 Twenty-seventh place, was thrown forward and struck the dashboard with her head when her father was forced to apply the brakes quickly to avoid a collision. Skull X-rays taken at the hospital proved negative. Sheila Sutt, 2, daughter of Mr. and Mrs. Paul Sutt, 2736 Marshall avenue, suffered a small laceration on the forehead when the same thing occurred while her mother was driving the family auto.

Emergency treatment also was given Monday to Shirley Dew, 15, daughter of Mr. and Mrs. William Dew, 1628 Fifth street, Madison, who had six sutures taken in the right hand which she cut while washing dishes, and Mrs. Dorothy Campbell, 1645 Maple street, who incurred abrasions to both knees when she slipped down four steps at home. Both were released.

Mrs. Margaret Range, 68, Expires at Home

Mrs. Margaret Honietta Range, 68, of 2137 State street, died at 10:45 p.m. Monday in her home of an apparent heart attack. She had been in ill health.

Born in St. Louis, she lived in Granite City for 45 years. She was a member of the Altar Society of St. Joseph's Church. She is survived by her husband, Aloysius J. Range, who is retired; a son, Leroy Range, Granite City; a daughter, Mrs. Melvin (Margaret) McKay, Granite City; two sisters, Miss Mary Siemer and Mrs. Lena Hartman, both of Baden, Mo.; a brother, George Siemer, Ferguson, Mo.; and six grandchildren.

An obituary notice appears elsewhere in this issue.

Engagement and Club Meetings on Quad-Cities Social Scene

Ahring-Frith Engagement

Mr. and Mrs. Lloyd Frith, 2015 Delmar avenue, are announcing the engagement of their daughter, Miss Rose Marie Frith, to Charles P. Ahring Jr., whose parents reside at 2229 Cleveland blvd.

The bride-to-be, a graduate of the Granite City high school, is employed by the Granite City Trust and Savings Bank. Her fiancé, also a local school graduate, is an employee of Granite City Steel Co. Wedding plans are indefinite.

A film entitled "The Women's Guild at Work" was shown Monday at a meeting of the Evening Guild of St. John United Church of Christ.

Deviations were led by Mrs. Kathleen Tadlock and Mrs. Marie Hoelscher, vice-president, conducted the business session. The group celebrated the birthdays of Mrs. Joan Schuyler and Mrs. Glenna Fornasewski and refreshments were served by Mrs. Harriet Bunselmeier, Mrs. Justine Walker, Mrs. Rose Mary Bauer and Mrs. Dorothy Schaefer to 20 members and two guests, Mrs. Julia Minor and Mrs. Fornasewski. The latter was enrolled at the meeting.

LUTHERAN MISSION GUILD WILL MEET
Lutheran women of this area, Missouri Synod, are invited to attend a meeting of the Mission Guild next Monday at Mt. Calvary Lutheran Church in Cahokia, Ill.

Luncheon will be served at noon, and the session following will be conducted by Mrs. Robert P. Hart, Cahokia, president. The host pastor, Rev. N. R. Dardels, will be guest speaker. His topic will be "Mission Work in Our Community."

MR. AND MRS. JAMES REESE, who were married recently at Calvary Baptist Church. The bride is the former Helen Orick, a daughter of Mrs. Mary Orick, of St. Louis, and the late Harrison Orick.

St. Peter Guild To Aid Agency

"Social Action Speaks" was the topic of the devotional service led by Mrs. Laura Taylor and Mrs. Carol Vonne Monday evening at a monthly meeting of the Evening Guild of St. Peter E.&F. Church.

In line with the topic it was decided to assist two days in the offices and store room of the Protestant Welfare Association during the month of March.

A film, "The Captain," was shown, and Miss Alice Bohlenstedt and Mrs. Freida Bennington were appointed chairman and co-chairman of the Country Fair held each year.

After the meeting refreshments were served to 24, including Mrs. Pat Malott, a member reinstated on the active list, Mrs. Karen Meng, a new member, and Rev. Robert Bunnman. On the refreshment committee were Mrs. Rosalie Buente, Mrs. Janet Fuhrman and Mrs. Helen Hays. A St. Patrick's theme was used.

Cubs Building Bird Houses

Den 6 of Cub Pack 12 met Monday afternoon in the home of the Den mother, Mrs. Rena Ippock, 2363 Center street.

The meeting opened with a flag ceremony and after completing their February project the boys worked on a new project, building bird houses for spring, and for the roles they will have for the March 16 Pack meeting in which all Dens will participate. The theme will be "South of the Border."

The ninth birthday of Jeffrey Huebner was observed, and refreshments were served by Mrs. Robert Huebner and Mrs. Jane Elders, assisted by Miss Loretta Ippock and Mrs. Ippock.

Others attending were Larry Griffin, Gregory Elders, Joe Ippock, Gregory and Jeffrey Rose and Kristi Elders.

TWO ARE HONORED
AT CHAMPAGNE BREAKFAST

Miss Oberdieck Visits Gifted Class at EJHS

Miss Thelma K. Oberdieck of Granite City, a Southern Illinois student participating in student teaching, recently visited the Edwardsville Junior High School Gifted and Talented Youth at Edwardsville Junior High School.

She observed new programs in action for the talented student. Visiting a science class, she was informed of the Illinois Plan for program development for gifted youth and took part in a demonstration class, interviewed student members of the class, discussed methods and materials used by the instructor and requested other pertinent information on program development.

Southern Illinois University's resident fellows are upperclassmen who serve as directors and counselors in student living areas, receiving board and room for their services.

Merit Scholarship Tests Set for Tuesday at GCHS

All 1966 graduates of Granite City high school who wish to enter the 1965-66 National Merit Scholarship competition should register now at the school weaknesses whether or not they plan to attend college, McCauley principal, announced today.

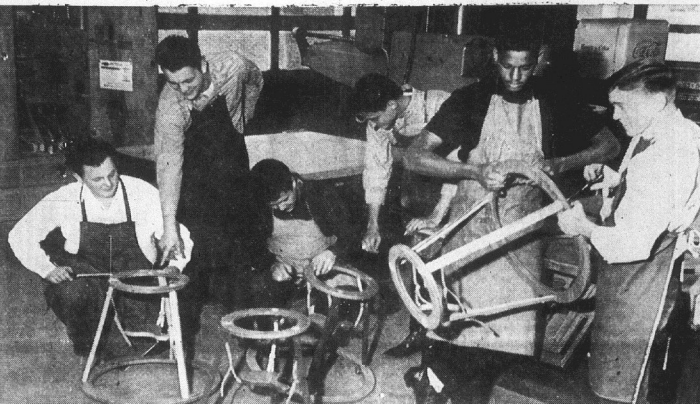

The National Merit Scholarship Qualifying Test will be given in the school at 9 a.m. next Tuesday.

Students who will complete secondary school in 1966 and enter college in the same calendar year are eligible for scholarship consideration in the 1965-66 through the merit program. A considerable number of other students are four-year awards. The extent of the winner's financial services of NMSC in awarding need determines the amount of his stipend.

To receive consideration, the student must take the test when it is offered in his school. Participating students pay a \$1 fee for the test. Any interested student who is unable to pay the fee should consult McCauley.

Career Planning
A student's performance on the qualifying test also provides him with information that is useful in career planning or in selecting courses in high school and college, McCauley said.

After the test, each participating student receives a "Handbook for Merit Program Participants" prepared by Science Research Associates, the testing agency. The handbook is designed to help students understand their individual test results, to make comparisons with high school students at 1961 where he is in the country, and to use joining in chemistry and math.

WALKERS FOR HANDICAPPED CHILDREN being constructed by students at Venice high school. They will be presented to the crippled children's clinic sponsored by the Venice Junior Service Club which operates in the Venice library building. The walkers, on small wheels, are composed of metal legs and wood frames. At work on the project are, left to right — Mike Suggs, Mitchell Hyden, Charles Smith, William Levy, Rich Jackson and John Hackney.

70 Students to Take NEDT Tests Tuesday

More than 70 ninth and 10th-grade students in Granite City public schools will take the three-hour National Educational Development tests next Tuesday, Lawrence C. McCauley, Granite City high school principal, announced today.

The NEDT battery is a series of tests in English, social studies, mathematics, natural sciences and word usage which have been designed to measure each student's ability to apply basic learning skills rather than his ability to memorize particular facts or specific subject matter.

The tests have been used in Granite City since 1960 as a help to students, parents and teachers in identifying strengths and weaknesses in each student's educational development and in making a realistic appraisal of his educational and vocational objectives, McCauley said.

"One of the most interesting aspects of this program," McCauley said, "is that students who do exceptionally well on the test battery are singled out for formal recognition. Each student who scores in the top 10% nationally is awarded a special certificate of merit signifying his high achievement. These certificates serve to stimulate a respect for academic excellence among the student body."

Student teaching positions in correctional institutions are now available to Northwestern Illinois University students.

Mrs. Lee Odell, research assistant for SWIU's Center for the Study of Crime, Delinquency and Corrections, said students are needed during the spring quarter of this year.

To teach in a correctional institution a student must meet the basic student teaching requirements, express an interest in a teaching career in correctional institutions, be willing to live in staff quarters and assume temporary staff status with its rights and responsibilities, Mrs. Odell said.

Positions are available with state youth commissions, state prison systems and the U.S. Bureau of Prisons.

Two elementary teachers at the Geneva Training School for Girls and two secondary or elementary teachers at the St. Charles Training School for Boys are needed. The positions are open to men or women.

Room and board usually are furnished at each institution. Mrs. Odell said. Student teachers are required to teach for at least one quarter.

Interested students may contact the director of the delinquency study project for an interview appointment by phoning Edwardsville extension 225.

Before the interview, a brief statement, including work experience, academic background in sociology and psychology and extra-curricular activities should be sent to the director.

Wittevrongel Cited For Work Here by Vocational Group

Marcel A. Wittevrongel, administrative assistant to the Granite City superintendent of schools, has been presented with the annual American Vocational Association life membership award.

Wittevrongel, in charge of vocational and adult education program, received the award last week at the convention of the Illinois Vocational Association in Peoria. He was cited for significant contributions to the cause and advancement of the field of industrial education.

The recipient was born and reared on a farm near Moline. After completing high school, he worked in industry as a machinist, a tool and die maker and a tool designer. He received both his bachelor of science and master of education degrees from Colorado State University.

He worked as a machine shop instructor in the East Moline school system, and a few years later he was elevated to the post of local supervisor in charge of trade and industry programs.

Visiting Professor
He has done supervisor training (in plants) in Illinois and has served as a visiting summer professor at Colorado State University.

Wittevrongel is married and has four children, including two daughters who are teaching—one in Arlington Heights and the other in south St. Louis as a Catholic nun—a son who is a high school senior here and a daughter, now in the ninth grade.

Voter Registration Deadline Next Monday

Registration of voters for the April 6 township elections is continuing this week and the deadline for new voters, or those with changes of name or address, to register is next Monday.

This is the first year registration is required for township elections. It is not required for city elections.

To accommodate new voters—those who will be 21 years of age on or before April 6—Miss Eubalia Hotz, county clerk, has set up special centers for weekend dates in addition to the regular deputy registrars.

The special centers to be open either Friday or Saturday will be at the following locations: Granite City — Friday, First Granite City National Bank, 4 to 7 p.m. and the Park District Community House in Lincoln Place from 10 a.m. to 6 p.m.

and on Saturday at Kiskadee Homes Recreation Center, 10 a.m. to 5 p.m.

Madison — Friday, West Madison Memorial Center, Third and Washington streets, noon to 8 p.m. Mitchell — Saturday, Presley Market, noon to 8 p.m.

Venice — Saturday, Tri-City Grocery on Broadway, noon to 6 p.m. and Viola Jones Homes, 9 a.m. to 5 p.m.

Namooki township—Saturday, A&J Market, 4085 Pontoon road, 10 a.m. to 5 p.m.

Permanent Registrars In addition, there also are permanent deputy registrars on duty in the Quad-Cities to assist voters.

In Granite City they are: Mrs. Olive Sizic, 2229 Bryan

avenue, evenings by appointment; Mrs. Rose Turner, 2141 Waterman avenue, 6 to 8 p.m. and Saturdays by appointment; and Mrs. Elvira Thurber, 1932 State street, 9 a.m. to 5 p.m. daily, on Saturdays from 9 a.m. to noon and evenings by appointment.

In Madison, the permanent registrars are: Mrs. Jewel Juvon, 909 Franklin avenue, 9 a.m. to 5 p.m.; E. J. Miller at the city hall from 9 a.m. to 4:30 p.m. Mondays through Fridays, and Demos

Nichols, 1518 Fourth street, 1 to 3 p.m.

The Venice regular registrars are: Mrs. Florine Musick, 600 Lincoln avenue, 9 a.m. to 5 p.m. and evenings by appointment; and Mrs. Audress Brown, Venice library, Mondays through Saturdays, 1 to 6 p.m. and evenings by appointment.

In Mitchell, the registrar is Mrs. Lois Weeks, 129 East Chain of Rocks road, 6 to 8 p.m.

GC Buys 7 Patrol Cars for \$8155

A bid by Matthews Chevrolet Co. to furnish the city with seven new patrol cars for \$8155 was accepted Monday night by Granite City council members. Another bid of \$8200 was received from Farrington Motor Co. for Dodge pursuit car models.

The city is to trade-in six 1964 patrol cars, receiving an allowance of \$12198 from Matthews. The base bid for Chevrolets was \$21,858 with \$1515 federal excise tax also deducted.

The other total bid was \$20,617, with \$10,945 deducted for trade-ins and \$1372 federal excise tax also taken off.

GC Bills, Payroll Total \$82,564

Bills totaling \$48,737 and half-month salaries amounting to \$33,827 were approved Monday night by Granite City council members. The largest item on the bill list was \$37,860 paid to Nelson Construction Co. for work on the sewage treatment plant.

The bill list also included \$1480 paid to East St. Louis & Interurban Water Co. for fire hydrant rental during February and \$1229 to Illinois Power Co. for street lighting and other city services.

Employee retirement, paid to the Illinois Municipal Retirement Fund, amounted to \$2204.

David J. Johnston & Associates received \$750 for engineering services to prepare plans for the storm water drainage line along 23rd street and Adams street and removal of old trolley tracks.

Settlement of a personal injury case in the amount of \$171 paid to Mrs. Lucy Bell, 2294 Grand avenue, who was injured in a sidewalk fall last Jan. 9 at 21st street and Madison avenue.

Alderman Bartoski commented that the woman, a widow, had requested the city pay only actual expenses she incurred. He added that individuals filing injury suits against the city seeking larger amounts are penalizing not only their friends and neighbors but also everyone in the city who pays taxes.

One expense allowance on the bill list was \$30 paid to Alderwoman Betinec for February.

Commission to Meet Alderwoman Gabrielle Betinec, chairman of the Mayor's Commission on Prevention of Offense Literature, has announced a meeting of the commission for 9 a.m. Saturday at St. John United Church of Christ.

Precipitation in February Totals Mere 1.67-Inch

February precipitation amounted to 1.67-inch, including 5 1/2 inches of snow that fell on eight days, according to the gauge maintained by the U. S. Army Corps of Engineers at the Chain of Rocks canal locks.

The total was less than the 2.04-inch normal amount for the month, but with the 2.38 inches in January (including seven inches of snow, the area's total of 4.35 inches is above the 4.02 inches that is normal after the first two months.

In addition to the six inches of snow, rain fell on three days in February with the heaviest fall recorded at .84 inch on Feb. 11.

The greatest snowfall was four inches recorded Feb. 25. The gauge is read each day at 8 a.m.

Snow was recorded on Feb. 1, 2, 12, 13, 21, 22, 24 and 25, and there was rain on Feb. 8, 9 and 10.

'65 CHEVROLET

These great performers are the lowest priced models at our One-Stop Shopping Center

Hard to tell at a glance that each of these beauties is the lowest priced in its line. The ride doesn't show it. Or the interior. Or the performance. Just the price sticker.

That luxurious '65 Biscayne has the room of many expensive cars. Plus a handsome color-keyed interior with plush vinyls, fine fabrics, full deep-twist carpeting.

Chevelle, America's favorite intermediate-size car, has clean new styling, wide-opening doors, roomy, tastefully trimmed interior, and all the easy-care features of the big Chevrolet.

Chevy II got a whole lot smarter for '65—but kept its common sense! Still family-size, easy to handle, economical, and the lowest priced Chevrolet out there.

Both Corvair Sport Coupe and Sport Sedan have the international flavor of a rear engine hardtop, promise fun for the months ahead.

Chevrolet, Chevelle and Chevy II are available with the economical Turbo-Thrift Six engine. It's economical, warms up quickly, idles silently. It's light, efficient, quiet, and spirited.

Corvair's rear-mounted Turbo-Air Six delivers the best balance and traction for this size car. It's air-cooled—no water or antifreeze.

So be practical. Check the great offer on your old car, the low payments on your new one. Only you will know how practical you've been. Because it sure won't show!

Shanahan Joins Engineer Staff

George H. Shanahan, retired assistant chief of the state highway department and former district engineer at French Village, this week joined the local staff of the engineering firm of Sheppard, Morgan & Schwab.

Shanahan, who lives at Alton, is a native of Gillespie and a graduate of the University of Illinois in civil engineering. He joined the state highway department in 1927, and saw service in the Navy during world war II, taking part in amphibious landing operations in North Africa, Sicily, Salerno and Normandy as an officer in the Navy Engineer Corps.

Upon his return from service he was with state highway District 8 as a field engineer and materials engineer and was promoted to district engineer in 1962. He was promoted to assistant chief highway engineer on April 16, 1963, and he retired last Jan. 4.

Shanahan will handle street and road work and other assignments, working from the local office of Sheppard, Morgan & Schwab.

GC Twp. Funds Show Balances

Balances in both the general assistance and the town fund on Feb. 28 were reported to the Granite City council Monday night by Nelson Hagmuer, township supervisor.

The relief fund showed disbursements of \$398 and a \$44,606 balance, while in the town expenditures were \$2880, leaving a Feb. 28 balance of \$16,241. There was no income for either fund for the month.

Hagmuer also submitted current bill lists for both funds, which were approved by the council in a total of \$1162. A breakdown of the \$1162 relief disbursements follows: Food, \$1488; rent, \$236; medical care, \$151; fuel, \$64; burial, \$100, and utilities, \$25. The administrative costs were — \$160 for office rent, \$851 for employees' half-month salaries, \$8 for supplies.

The \$1045 town fund disbursements included \$682 half-month salaries, \$75 for season office rent, \$13 for utilities, \$16 for janitor service, \$18 for supplies and \$240 for two deputy assistants' pay.

Deadline in June For Vets Benefit

A warning was issued today by Joseph Wetton of the Illinois Veterans' Commission. To parents and guardians of children of certain deceased veterans, who are eligible for the state educational benefit for the 1964-65 school year, under the Veterans' Children Education Opportunity Act.

Wetton said these war orphans between the ages of 10 and 18 are entitled to \$150 per school year, and the benefit must be applied for each school year. Claims for the current school year have to be filed for prior to June 30.

Wetton, who is IVC service officer for the Quad-Cities, has his office in the city hall in Granite City, and it is open Monday through Friday 8:30 a.m. and 5 p.m.

Qualifies To Service Newest Jet Transport

Airman First Class Robert G. McCutcher recently completed four months of specialized training on the U. S. Air Force's new C-141 jet Starliner at Edwards Air Force Base, Calif., to become one of the first men rated as fully qualified to maintain the giant aircraft. An aircraft radio repairman with the 1301st Military Air Transport Service Wing, McCutcher was one of those selected for the course of technical instruction and actual experience in servicing the world's largest jet transport.

The first C-141s for operational use in the global airlift of military forces and equipment will be delivered in April to the 1301st Wing at Travis AFB, Calif. A1/C McCutcher, son of Mr. and Mrs. James G. McCutcher of Edison avenue, is a graduate of Venice high school. He is married to the former Miss Joyce Walters of Olympia, Wash.

Walter, to conduct a motorized caravan through the city from 6:30 to 8 p.m. on March 11. The request was submitted by Waldo Schellenger.
